About the pictures

They were taken with a practice form called ZZ TEST RUN and sample answers. Your forms have their own questions, but every button works the same way.

BEFORE YOU START

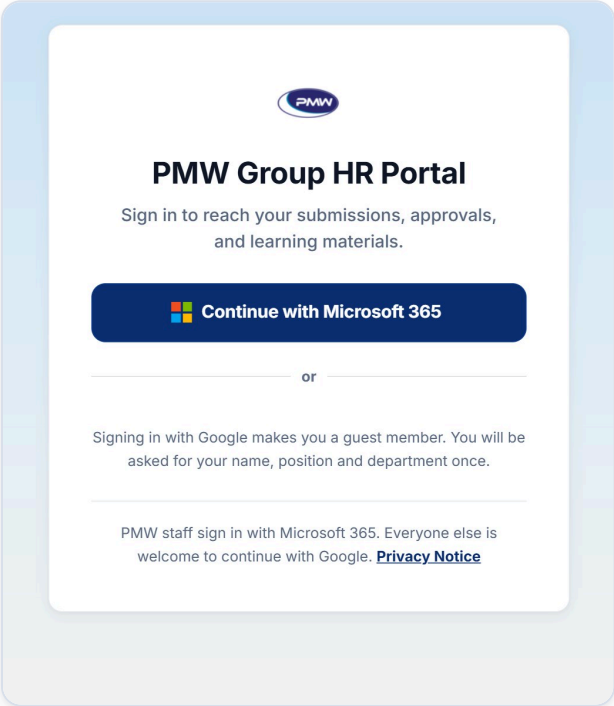

Sign in and find your way around

All you need is your PMW Microsoft 365 account (the one you use for Outlook) and a web browser such as Edge or Chrome, on a computer or a phone.

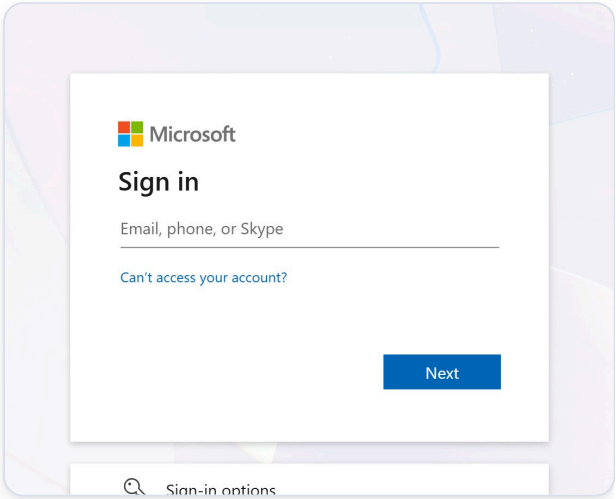

⏱ 1 minute | Address: pmw-hrform.vercel.app

1 Open the portal and sign in

Go to pmw-hrform.vercel.app and press **Continue with Microsoft 365**.

The portal's sign-in screen

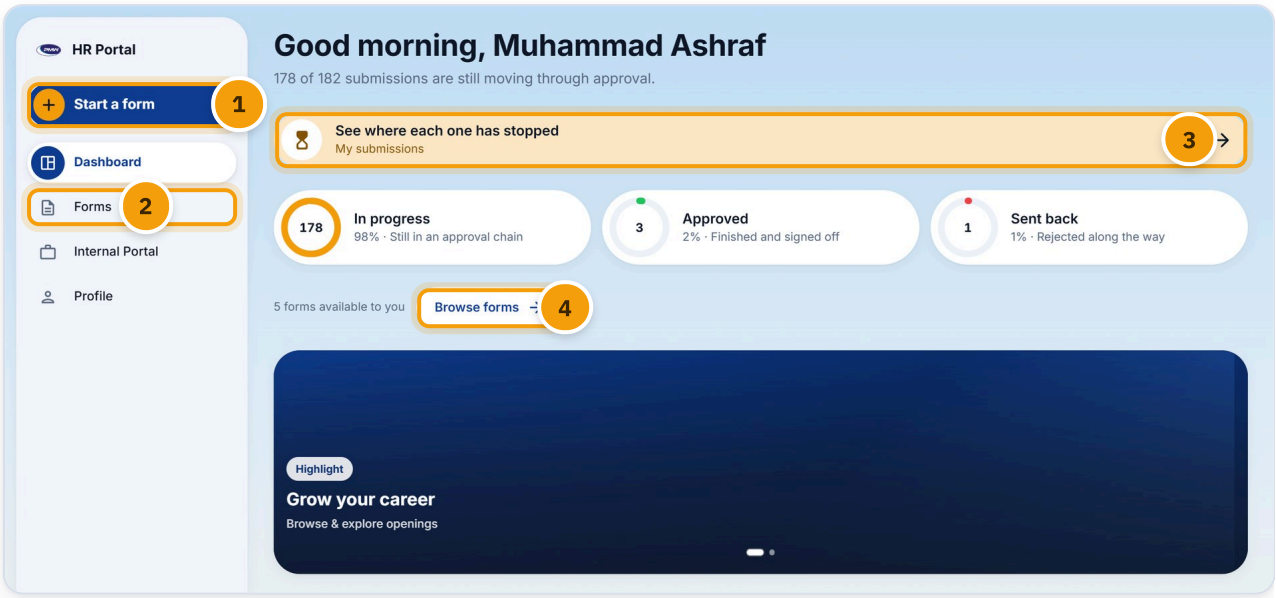

Microsoft's own sign-in page

Use your work account

Type your PMW email address on Microsoft's page, then your usual password. If you are already signed in to Outlook in the same browser, this step is usually skipped.

2 Your home screen

The **Dashboard** shows how your submissions are doing. Everything else is in the menu on the left.

Dashboard: your submissions at a glance

1. **Start a form** takes you straight to the list of forms.
2. **Forms** opens three pages: *Available forms*, *My Submissions* and *Waiting for me*.
3. Shows where each submission has stopped. The three rings below it (*In progress*, *Approved*, *Sent back*) each open the matching list.
4. **Browse forms** shows every form you are allowed to fill in.

> **On a phone**
> The menu folds into a single button at the top of the screen. The pages and buttons are the same.

PART A · FOR EVERYONE

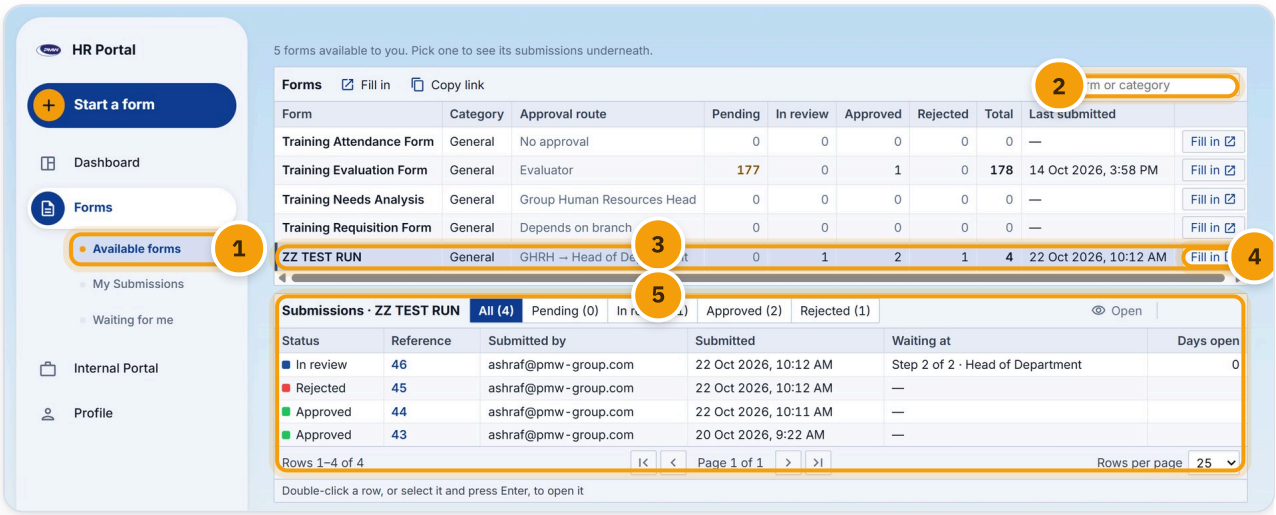

Fill in and submit a form

Find the form, answer the questions, sign if asked, agree to the privacy notice and submit. Then follow its progress until it is approved.

⏱ 3–5 minutes · 8 steps · Works on phone and computer

A1 Find the form

Go to **Forms › Available forms**, or press **Start a form**.

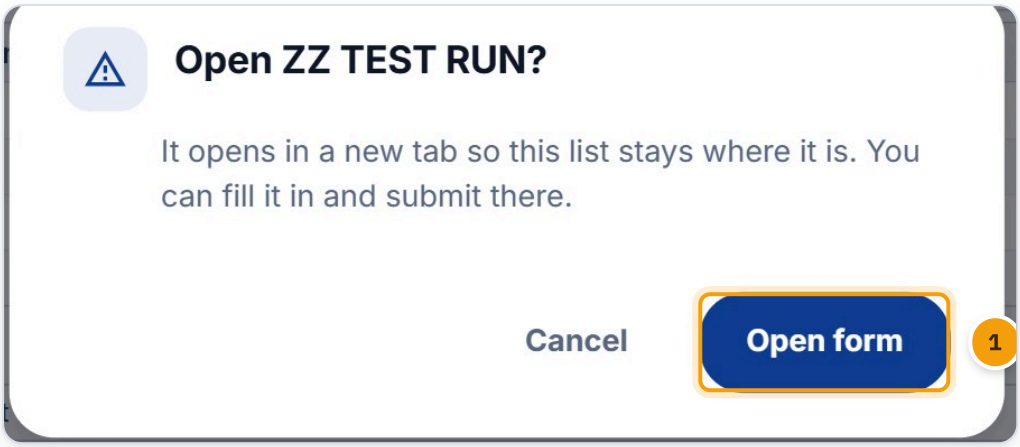

Available forms: the list at the top, that form's submissions underneath

1. **Available forms** in the menu.
2. **Find:** type part of the form's name to shorten the list.
3. Click a form to select it. The columns show its approval route and how many submissions are at each stage.
4. **Fill in** opens the form.
5. Your submissions for the selected form are listed here.

A1 ...then open it

Confirm with **Open form**. The form opens in a **new tab**, so your list stays where it is.

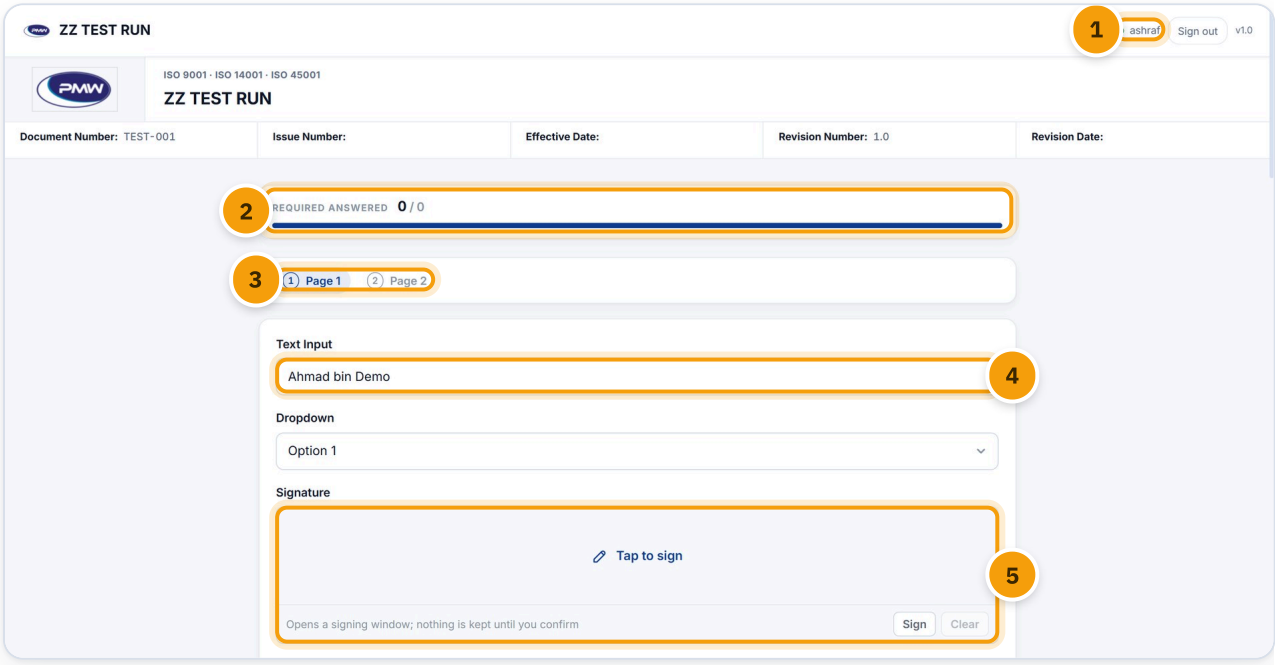

The form opens in a new browser tab

> **Got a link or QR code instead?**
> Opening it takes you to the same form. Sign in if asked, then carry on from step A2.

A2 Fill in your answers

Work down the page. Questions marked * must be answered before you can submit.

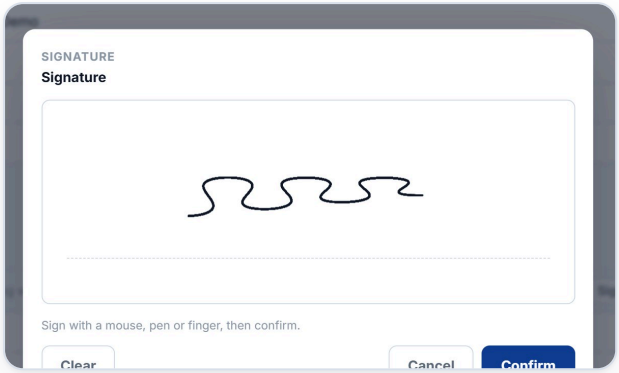

A form page

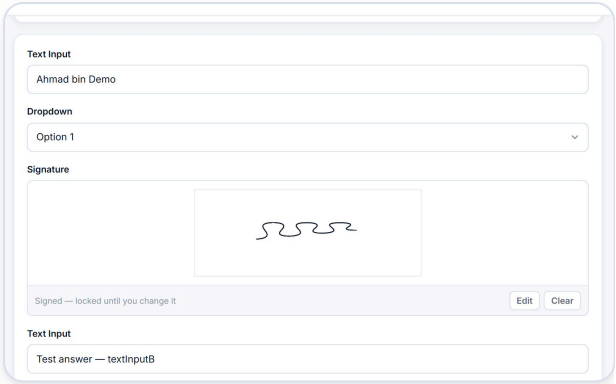

1. Confirms who you are signed in as. Your submission is recorded against this account.
2. **Required answered** counts the questions you must answer, and the bar fills as you go.
3. Longer forms are split into pages. You can click a page name to jump to it.
4. Type, choose from a list, or pick a date. Some answers are filled in or calculated for you.
5. A signature box. See step A3.

A3 Sign (if the form asks for it)

Press **Tap to sign**, sign with your mouse, finger or pen, then press **Confirm**.

1 · Sign in the window

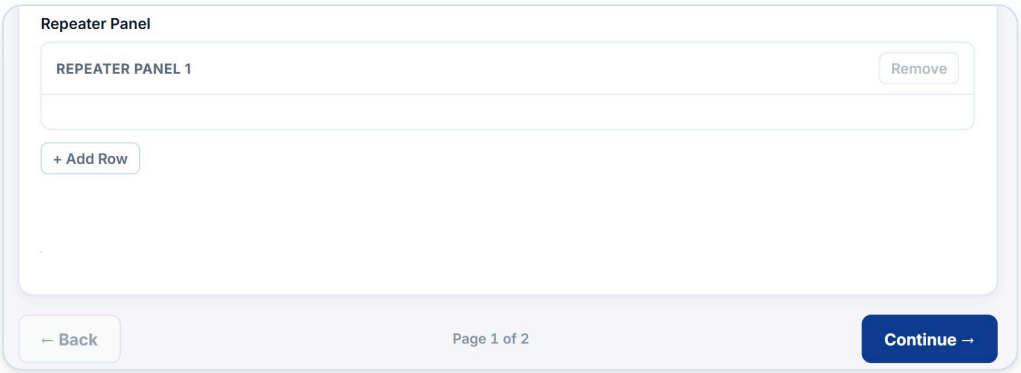

2 · Your signature is now locked in place

> **Made a mistake?**
> Press **Clear** in the window to start again. After confirming, use **Edit** to change it or **Clear** to remove it.

A4 Move between pages

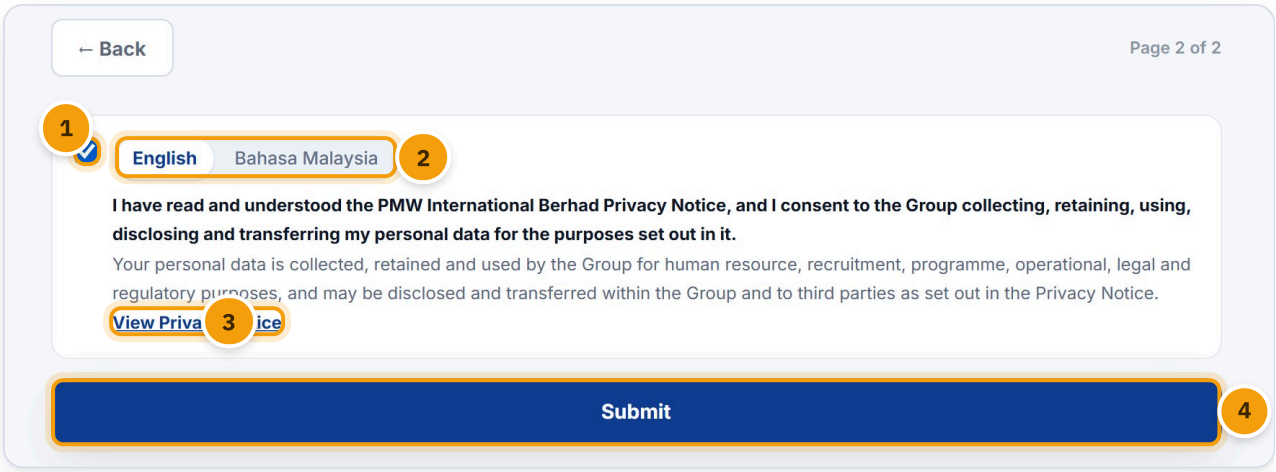

At the bottom, press **Continue →** for the next page or **← Back** to go back. Your answers are kept.

Bottom of a page

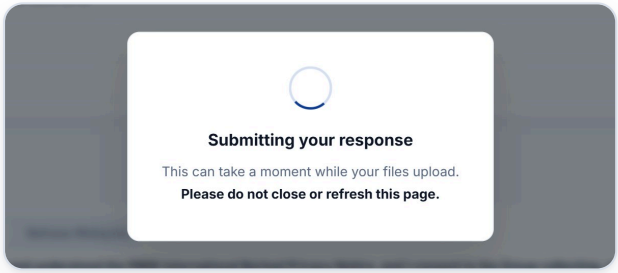

A5 Agree to the privacy notice and submit

The last page ends with the consent box and the **Submit** button.

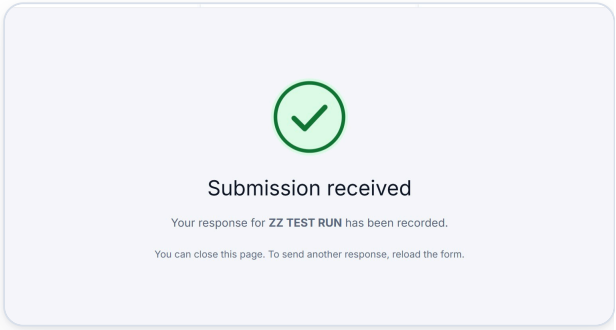

The end of the last page

1. Tick to agree. You cannot submit without it, and you will see *"Consent is required before submission."*
2. Switch the wording between English and Bahasa Malaysia.
3. **View Privacy Notice** opens the full notice.
4. Press **Submit** once.

While it sends, keep the page open

Done: your submission is saved

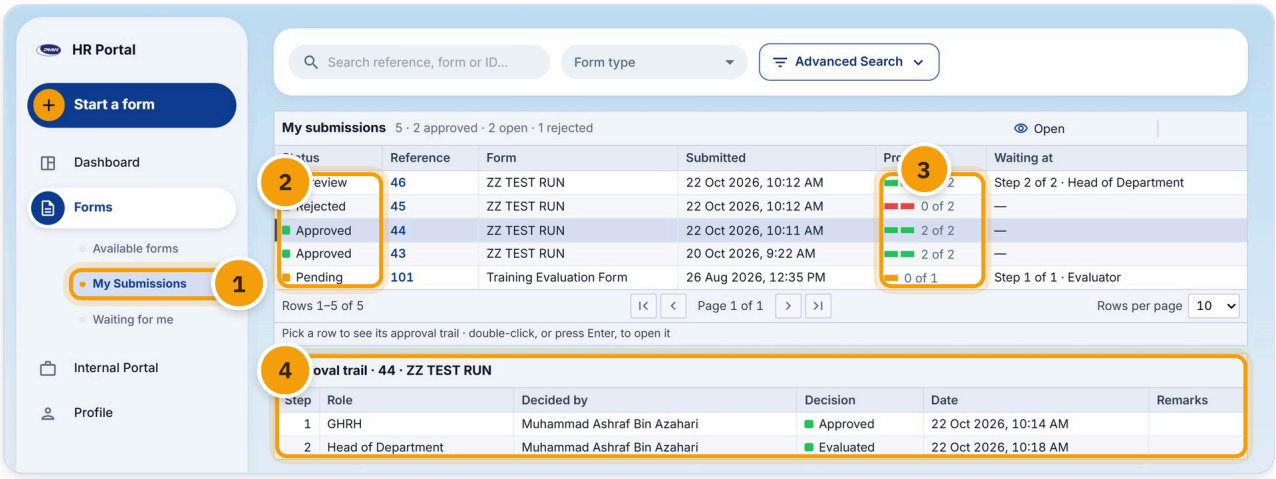

Don't close the page
Wait for the next screen. Files and signatures can take a few seconds to upload.

Submission received
The first approver is notified automatically. If the screen shows a **reference number**, note it down to track or ask about your request.

Something went wrong?
If the button changes to **Retry submission**, press it. Your answers are still on the page.

A6 Track your submission

Open **Forms › My Submissions**. Click a row to see who has dealt with it so far.

My Submissions, with the approval trail of the selected row

1. **My Submissions** in the menu.
2. **Status**: Pending, In review, Approved or Rejected (see C2).
3. **Progress**: one block per step. Green means done, orange means waiting, red means rejected. **Waiting at** names the step it is on.
4. **Approval trail**: who decided each step, what they decided, and when.

> **Was it rejected?**
> Click the row. The **Remarks** column shows the reason the reviewer gave:

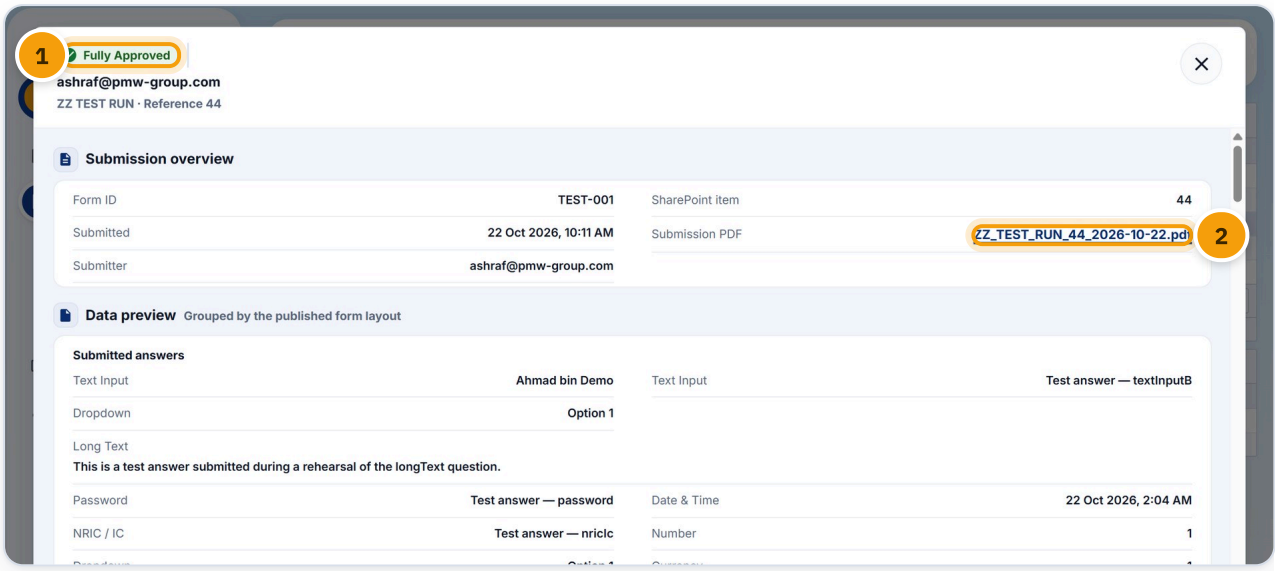

Approval trail · 45 · ZZ TEST RUN

Step	Role	Decided by	Decision	Date	Remarks
1	GHRH	Muhammad Ashraf Bin Azahari	Rejected	22 Oct 2026, 10:15 AM	Please attach the course brochure and submit again.
2	Head of Department	ashraf@pmw-group.com	Rejected	—	Rejected at Layer 1

A rejected submission's trail, with the reviewer's reason under Remarks

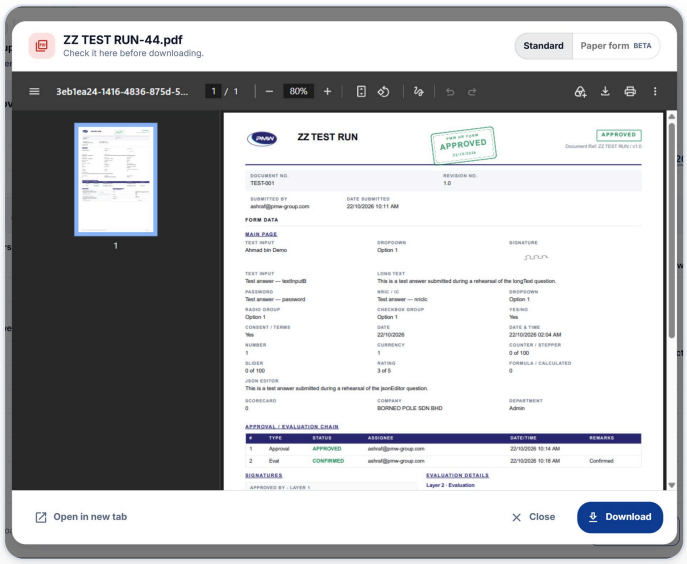

A7 Open the full details and the PDF record

Double-click a row, or select it and press **Open**.

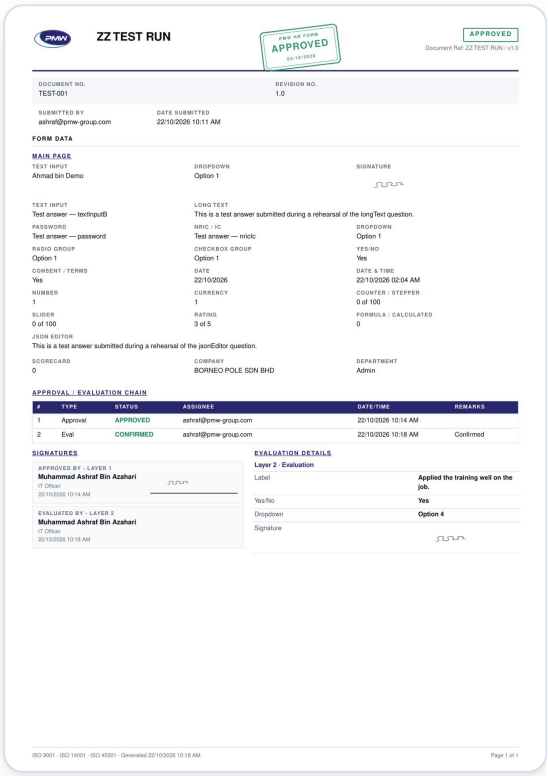

The details window shows everything you submitted

1. The current status.
2. **Submission PDF**: click to preview the signed record.
3. **Open PDF** does the same from the bottom of the window.

PDF preview: check it, then press Download

The PDF record, with every step's signature

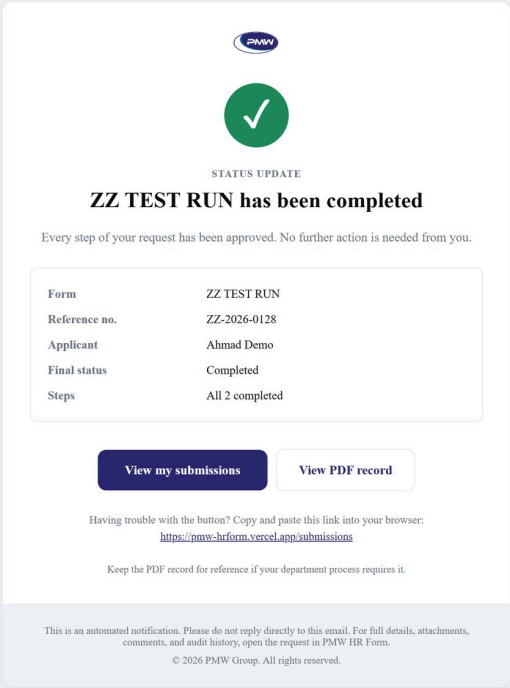

> **When is the PDF ready?**
> The PDF is created once the last step is done. Until then the window shows *"Not generated yet"*.

A8

Emails you will receive

You get one email when your request is **completed**, or one if it is **rejected**. Both come from **pmw.hrform@pmw-group.com**.

PART B · FOR APPROVERS AND EVALUATORS

Approve or evaluate a request

When a form reaches your step, you are told by email and it appears in your **Waiting for me** list. Read it, then approve, reject, or fill in the evaluation and sign.

⏱ about 3 minutes each | Approval = yes / no | Evaluation = answer questions + sign

B1 Two ways to start, same result

Use whichever suits you. Both open the same review page.

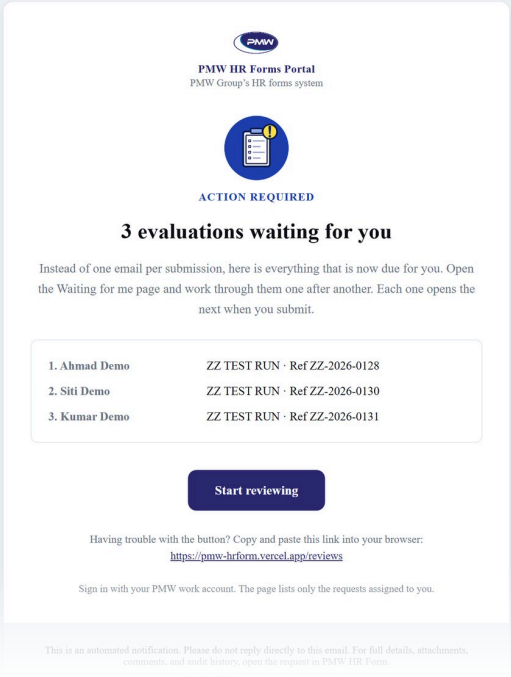

Way in	When to use it	Go to
From the email “Action Required: …”	You have one request and the email is in front of you. Press the button in the email.	B2 →
From “Waiting for me” Forms › Waiting for me	You have several to do, lost the email, or want to check whether anything is assigned to you.	B7 →

Several due on the same day?

Instead of one email each, you may get a single **daily summary** email listing them all. Its **Start reviewing** button opens *Waiting for me*, where you can work through them one after another (B7).

Summaries go out early each morning. A request that needs you straight away, with nothing else due that day, still arrives in its own email.

Review & approve form | View PDF record

Having trouble with the button? Copy and paste this link into your browser:
https://pmw-hrform.vercel.app/approval/zz-test-run/128/1

How to complete it (about 3 minutes)

1. Press **Review & approve form** above.
2. Sign in with your usual PMW Microsoft account (the one for Outlook).
3. Read the submitted form.
4. Press **Approve request**, or **Reject** with a reason.

Make sure it was sent from **pmw.hrform@pmw-group.com** only; treat any other sender as suspicious. We never ask for your password by email. For any enquiries, please contact the main administrator.

Only the person this step is assigned to should act on it.

This is an automated notification. Please do not reply directly to this email. For full details, attachments, comments, and audit history, open the request in PMW HR Form.

© 2026 PMW Group. All rights reserved.

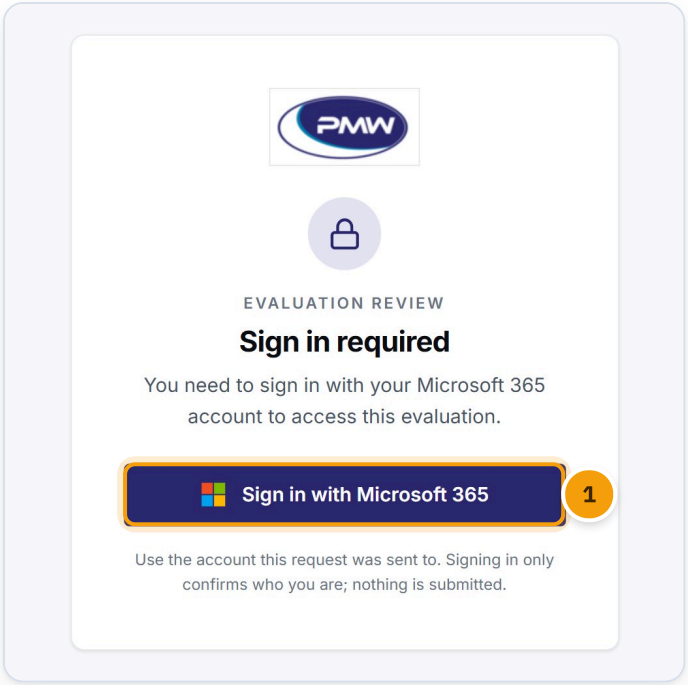

An approval request

1. **Check the sender** is **pmw.hrform@pmw-group.com**. Treat any other sender as suspicious.
2. Check the details box: form, reference, applicant and which step is yours.
3. Press **Review & approve form**. For an evaluation it reads **Review & submit evaluation**.
4. **View PDF record** (when shown) lets you read the request so far before you start.
5. Button not working? Copy the link printed under it into your browser.

> **Only the person named should act**
> Don't forward the email so someone else can approve it. Ask HR to reassign the step instead.

B2 ...sign in if asked

If you are not signed in yet, you will see this screen first.

Sign in with the account the email was sent to

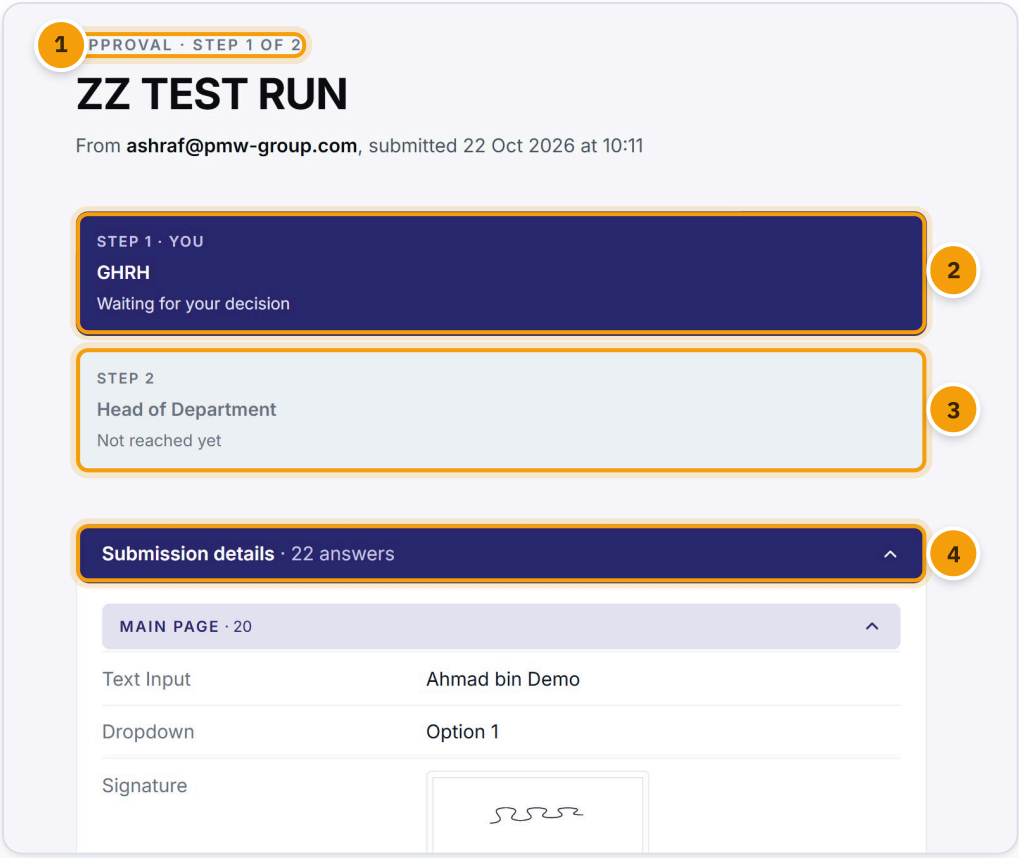

1. Press **Sign in with Microsoft 365** and sign in with **the account the email was sent to**.

Signing in only confirms who you are. Nothing is approved or submitted until you press the button yourself.

“This one isn’t assigned to you”
You signed in with a different account. Sign out, then sign in with the address the email was sent to.

B3 Read the request

The review page shows where the request is in its journey and everything that was submitted.

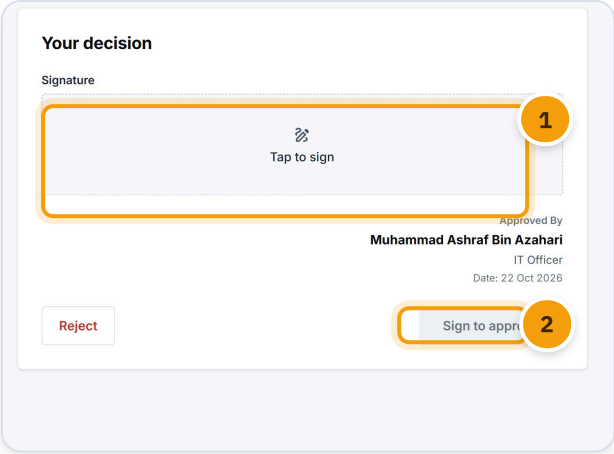

Top of the review page

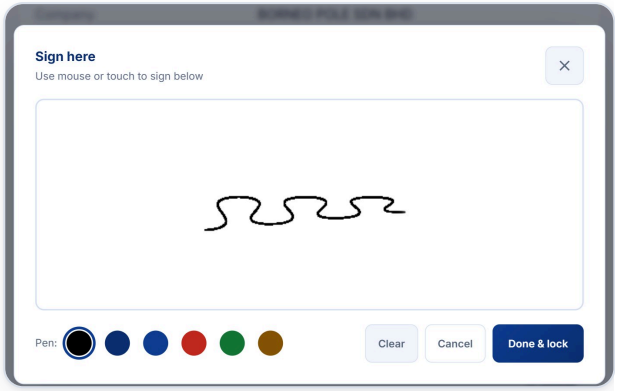

1. Whether this is an **Approval** or an **Evaluation**, and which step of how many.
2. **Your step**, marked *YOU · Waiting for your decision*.
3. Steps still to come, or steps already done. Earlier decisions appear under **Previous steps**.
4. **Submission details**: every answer, grouped by page. Click a heading to fold it away.

B4 Approve

Scroll to **Your decision** at the bottom of the page. Sign, then approve.

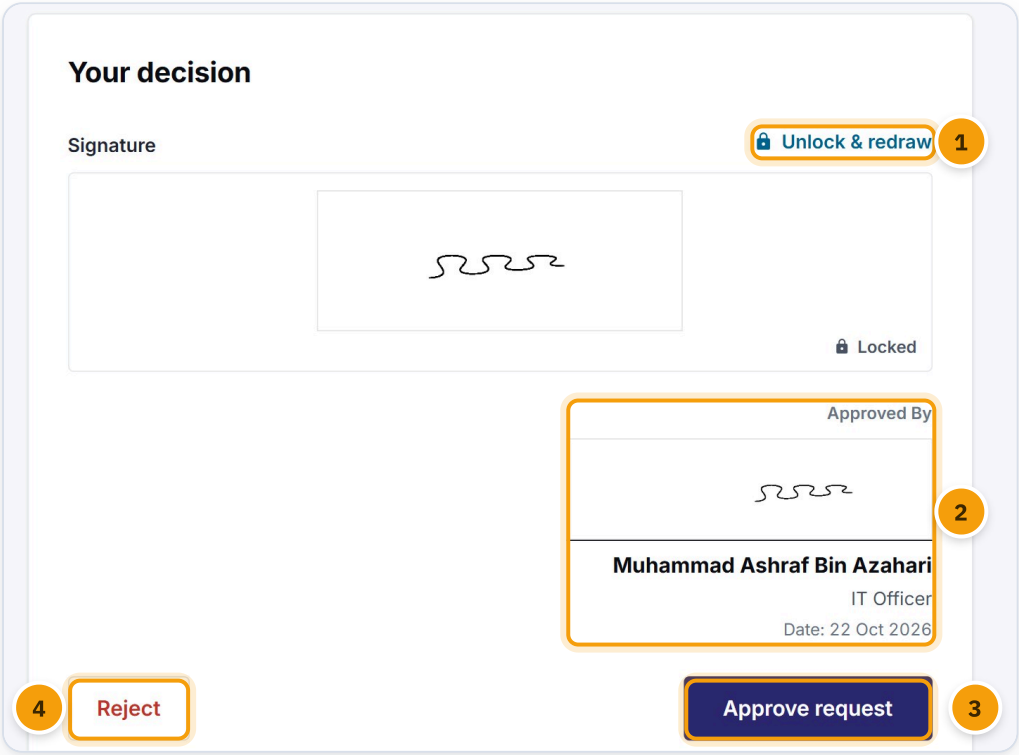

① Press Tap to sign

② Sign, then press Done & lock

Pick a pen colour if you like. **Clear** starts again.

Until you sign, the button reads **Sign to approve** and cannot be pressed.

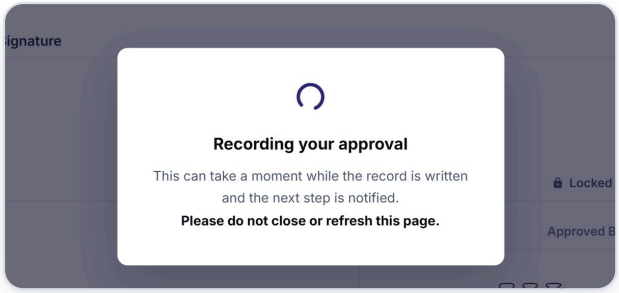

③ Ready to approve

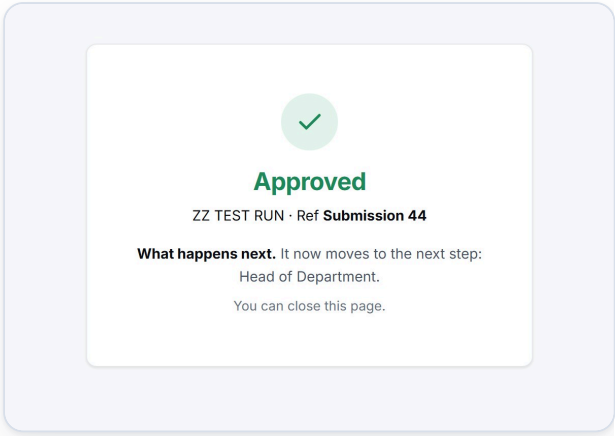

1. **Unlock & redraw** if you want to sign again.
2. Your **sign-off**: your signature, name, position and date, exactly as it will appear on the PDF.
3. Press **Approve request**.
4. **Reject** if it should not go ahead (see B5).

B4 ...and you're done

Wait a moment while it is recorded. The request then moves on by itself.

Recording your approval: keep the page open

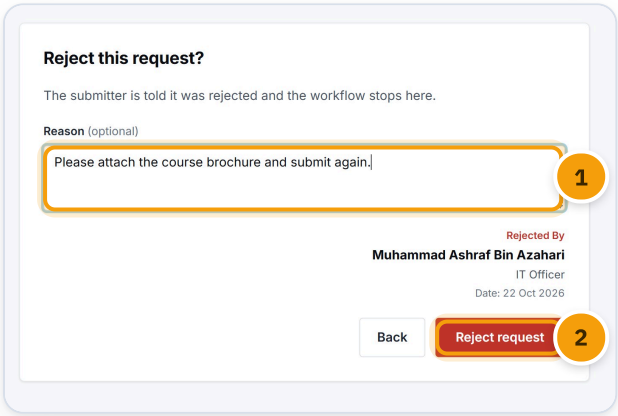

Approved: it has gone to the next step

What happens next

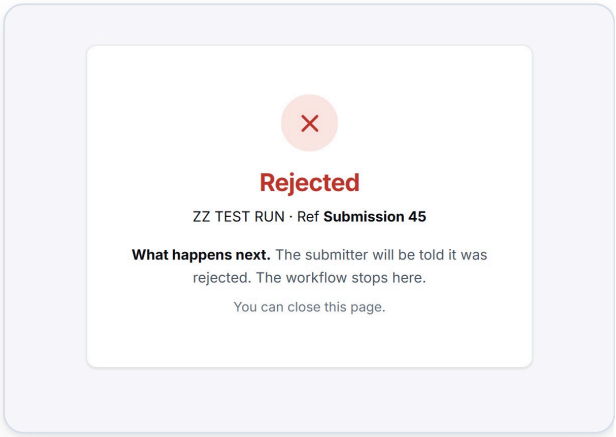

The screen tells you. The request moves to the next step, whose people are emailed automatically, or, if yours was the last step, the submitter is told it is complete. You can close the page.

B5 Reject

Press **Reject**, give a short reason, and confirm.

Reject this request?

Rejected: the request stops here

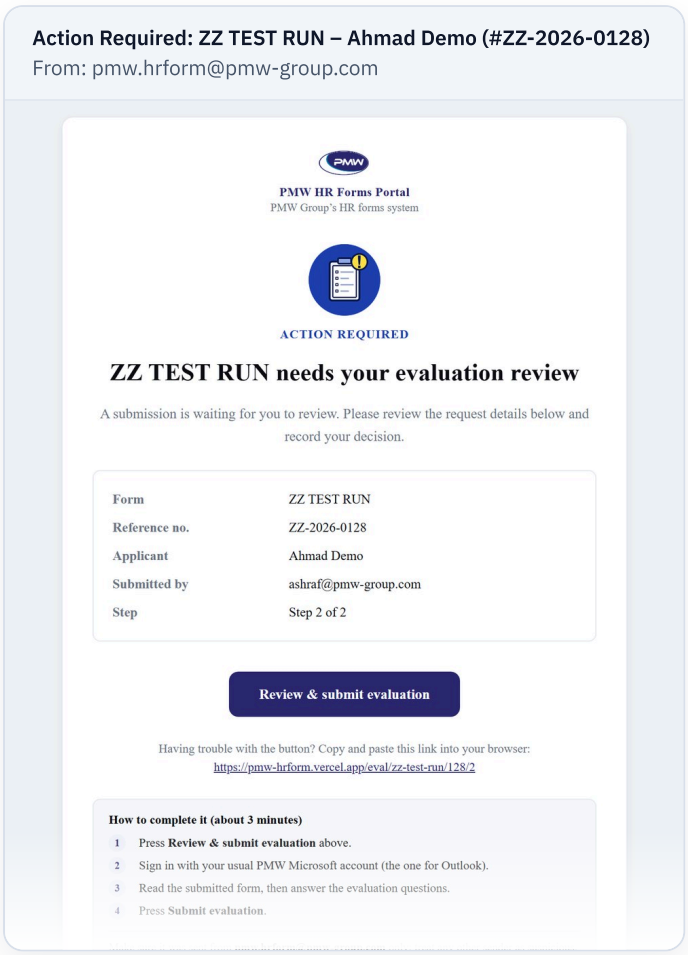

1. Say **why**. The submitter sees this in their email and in My Submissions.
2. Press **Reject request**. Changed your mind? **Back** keeps the request open.

A rejection is final

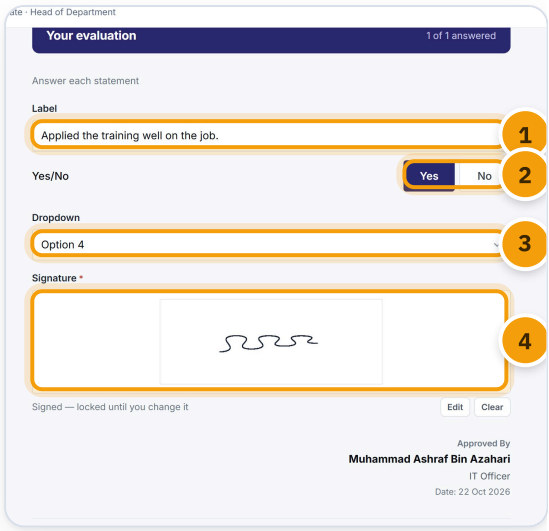

The request does not go to any further steps. The submitter has to send a new form.

B6 Complete an evaluation

Evaluations (for example, a Head of Department rating a training course) ask a few questions of **you** before you sign.

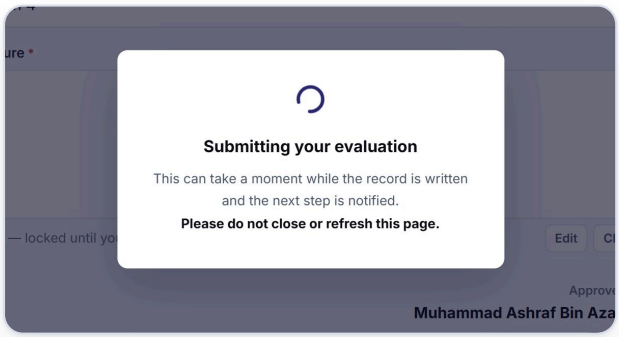

An evaluation request email

Your evaluation, filled in

1. Type your comments.
2. Choose an answer such as **Yes** / **No**.
3. Pick from the list.
4. Sign (**Tap to sign** → **Confirm**). Fields marked * are required.

Then press **Submit evaluation** at the bottom. If asked *"Submit this evaluation?"*, press **Yes, submit**. **Once submitted, an evaluation is locked and cannot be changed.**

Submitting your evaluation

The counter helps

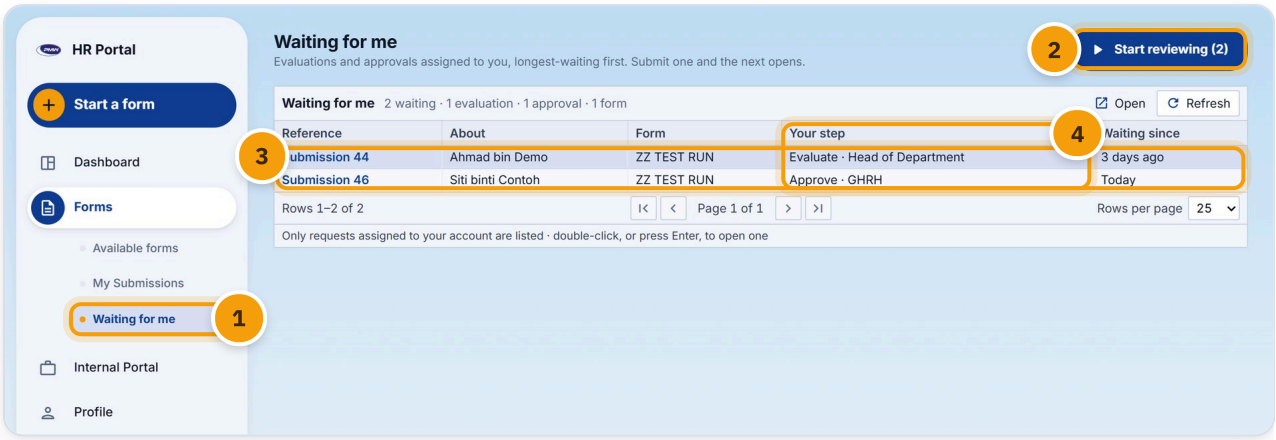

The header shows *"1 of 1 answered"*, and the footer tells you what is still missing, for example *"Sign on the Signature line to submit."*

Last step?

The footer says *"This is the last step. Submitting generates the PDF record."* The submitter is then notified automatically.

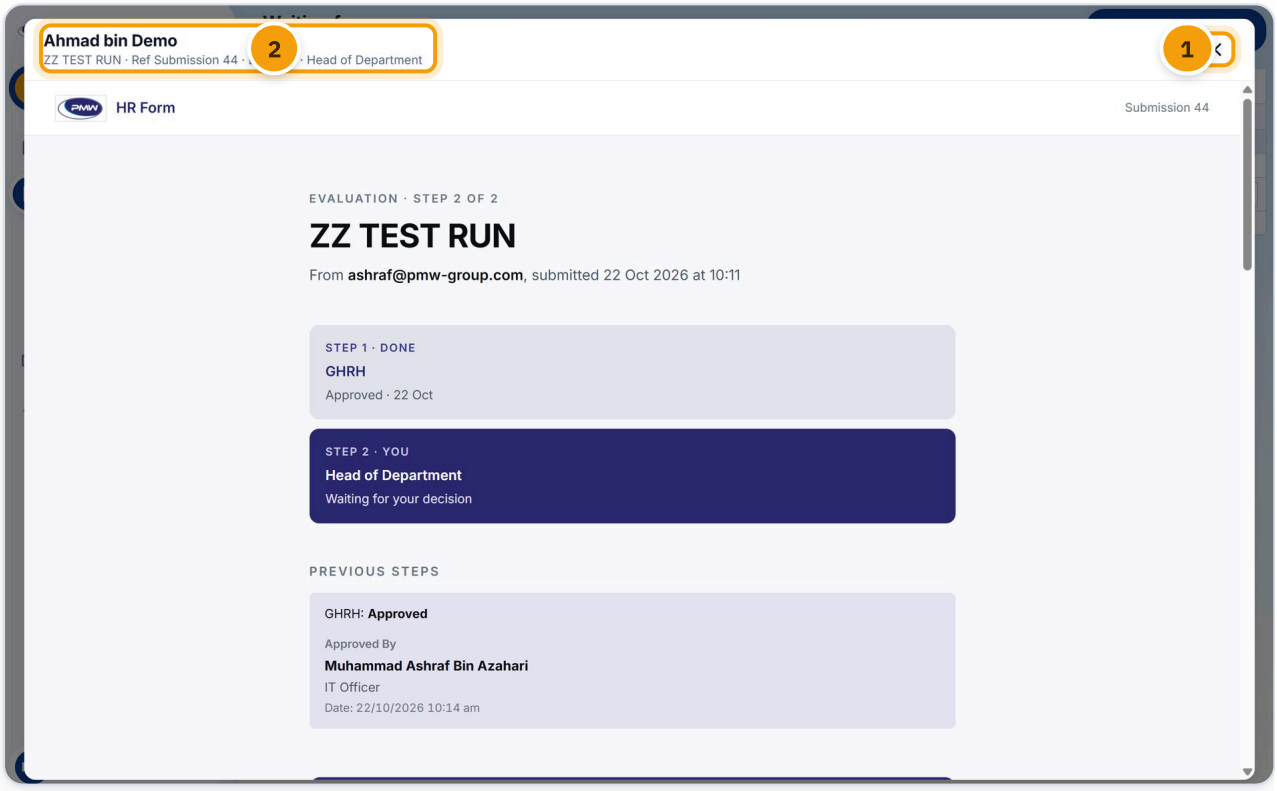

B7 Work through “Waiting for me”

The quickest way to clear several requests, and the place to check whether anything is assigned to you.

Forms › Waiting for me

1. **Waiting for me** in the menu. Only requests assigned to **your** account are listed.
2. **Start reviewing (2)** opens the one that has waited longest. Submit it and the next opens.
3. Or double-click any row (or select it and press Enter).
4. **Your step** tells you whether you need to *Approve* or *Evaluate*, and as whom.

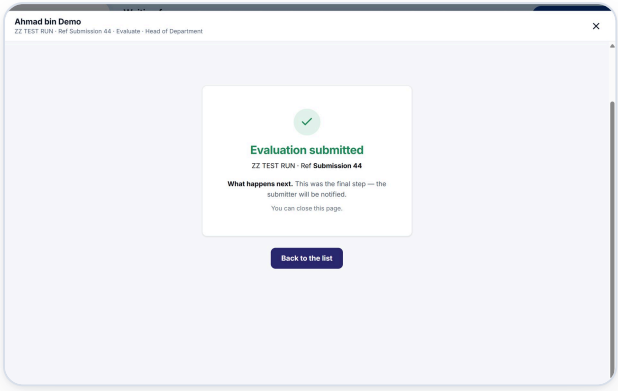

The request opens in a review window on top of your list

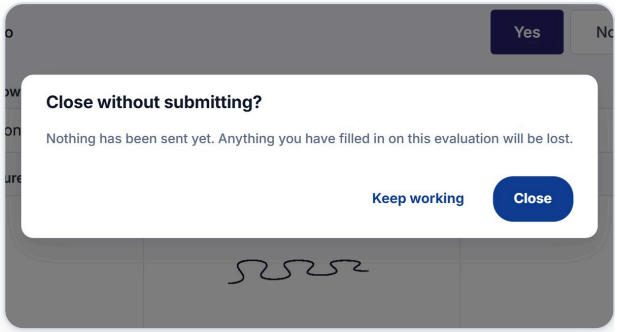

1. **X** closes the window. If you haven’t submitted yet, it asks first.
2. Who it is about, and which step you are doing.

B7 ...approve or evaluate, then go back to the list

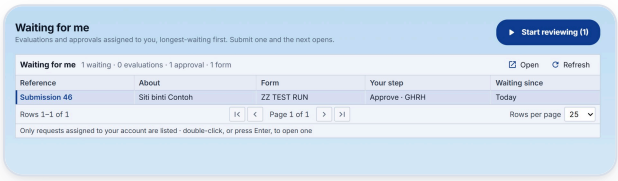

Everything inside the window works exactly as in B4–B6.

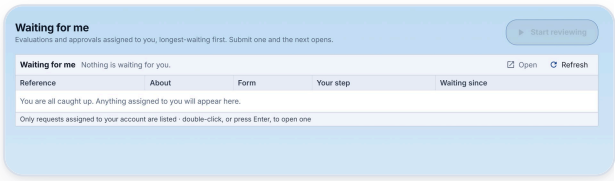

After submitting, press Back to the list

Closing before you submit: nothing is lost unless you choose Close

The list refreshes: the one you finished is gone

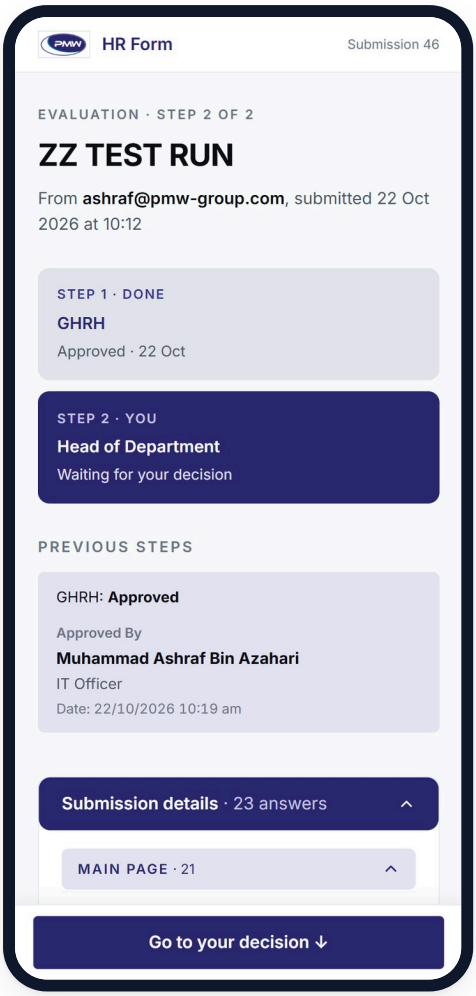

All caught up: nothing is waiting for you

Something you expect isn't listed?

A few kinds of request appear only by email: those sent with a **public link**, and evaluations scheduled for a **later date** (for example, three months after a course), which appear on the day they fall due. Press **Refresh** to check again.

B8 On your phone

Tap the button in the email on your phone. The review page fits the screen.

The review page on a phone

1. Tap **Go to your decision ↓** at the bottom to jump straight to the signing area.
2. Sign with your finger. Turning the phone sideways gives you more room.
3. Tap **Approve request** or **Submit evaluation** as usual.

Signed in to Outlook on your phone?
Open the link in your phone's browser (Edge, Chrome or Safari) if the email app's built-in viewer keeps asking you to sign in.

Someone acts on your behalf?
If HR has set up a stand-in for you (for example, a PA), they receive the same email and can complete the step. Their sign-off reads *"On behalf of"* you, so the record always shows who really signed.

PART C · QUICK HELP

Cheat sheet, statuses and answers

Print the next page and keep it by your desk.

C1 ·

One-page cheat sheet

A Submit a form

1. Sign in at **pmw-hrform.vercel.app**.
2. **Forms › Available forms** → **Fill in** → **Open form**.
3. Answer the questions (* = required). Use **Continue →** between pages.
4. Sign: **Tap to sign** → **Confirm**.
5. Tick the privacy consent → **Submit** → wait for *Submission received*.
6. Track it in **Forms › My Submissions**.

B Approve or evaluate

1. Email → **Review & approve form**, or **Forms › Waiting for me** → **Start reviewing**.
2. Sign in with the account the email was sent to.
3. Read **Submission details**.
4. Approval: **Tap to sign** → **Done & lock** → **Approve request**.
   Evaluation: answer → sign → **Submit evaluation**.
5. Or **Reject** → give a reason → **Reject request**.
6. Wait for the result screen, then close or go **Back to the list**.

C2 ·

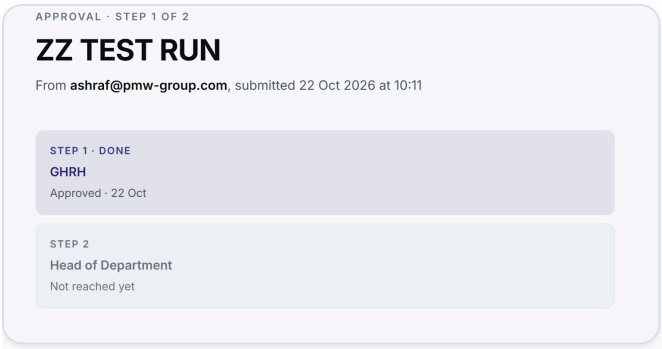

What each status means

Status	Meaning	What you do
Pending	Submitted, waiting for the **first** step.	Nothing, just wait. See *Waiting at* for who has it.
In review	At least one step has approved, and it is moving through the rest.	Nothing, just wait.
Approved	Every step is complete. The PDF record is ready.	Download the PDF if your process needs it.
Rejected	A reviewer stopped it. The reason is under *Remarks*.	Fix the issue and submit a new form.

On the Dashboard the same groups are called **In progress** (Pending + In review), **Approved** and **Sent back** (Rejected).

C3 ·

Screens you might see

“This step is already complete”

Someone already acted on this step: you, or another person who was also assigned to it. Any one of them can complete a step. Nothing more is needed.

Message	What it means
This one isn’t assigned to you	You are signed in with a different account from the one the email went to. Sign out and sign in again with the right one.
Sign in required	Press **Sign in with Microsoft 365**. Nothing is submitted by signing in.
Consent is required before submission	Tick the privacy box above **Submit**.
You were signed in again	Your sign-in expired while you were filling in the form. Your answers are restored, but check that any **files and signatures** are still there.
Close without submitting?	You pressed X in the review window. **Keep working** takes you back.

C4 ·

Questions and fixes

Q I was told I have a request, but there is no email.

Check your **Junk** folder, then open **Forms › Waiting for me**. Every request assigned to you is listed there.

Q The button in the email does nothing.

Copy the link printed under the button and paste it into Edge or Chrome.

Q It keeps asking me to sign in.

Use a normal (not private) browser window, and allow pop-ups and cookies for pmw-hrform.vercel.app. Sign in with your PMW work account.

Q Can I change a form after submitting it?

No, a submission is a fixed record. If it needs correcting, ask the reviewer to reject it with a reason, then submit a new one.

Q Can I change my approval or evaluation?

No. Once recorded, a decision is locked. Contact HR if a mistake was made.

Q **I will be away. Can someone act for me?**

Yes. HR can name a stand-in (for example, your PA) who receives your requests and can complete them on your behalf. Ask HR to set it up.

Q **Where is my PDF?**

In **My Submissions**, open the row and click **Submission PDF**. It appears once every step is complete. The completion email also links to it.

Q **I can't see a form I need.**

Forms are shown according to your role. Ask HR to give you access.

C5 ·

Staying safe

✓ **Genuine emails...**

come only from **pmw.hrform@pmw-group.com**, link only to **pmw-hrform.vercel.app**, and send you to Microsoft's own page to sign in.

× **We will never...**

ask for your password by email or chat, or ask you to approve something on someone else's behalf. If in doubt, don't click: open the portal yourself and check **Waiting for me**.
